

## Camden Opera House Sound & Electrical Equipment

The cost of the house sound system is included in the rental fees for the auditorium. For most lectures and simple sound system needs, the light operator can operate the sound at no additional charge. Concert sound or other more sophisticated sound needs are encouraged to contract with a separate sound operator. Opera House staff can recommend sound suppliers in the area.

### Equipment

- House sound system includes: Mackie Onyx 1640 Mixer (16 Channels), Crown and Peavey power amps (Front of House, center fill, balcony, monitors), (2) EAW JFX200i speakers (mains) , (4) EAWJFX88 speakers (center fill and monitors)
- Microphones: (6) Shure SM58, (2) Shure Beta 87A handheld wireless, (1) Shure SLX1 lavalier wireless, (3) Audio Technica suspended choral mics, assorted table, floor and boom stands
- Telex Radio COM 300 wireless communication system with (4) belt packs and headsets (single ear and microphone boom). Base unit in Light Booth. This system is used for House and Stage Managers to communicate with light and sound operators, Green Room actors and so forth.
- Backstage power: two 50 amp range plug outlets; two 20 amp and one 15 amp electrical outlets; two 30 amp quad circuits; 100 amp 3-phase drop with pigtail (5 leads).

## Camden Opera House Technical Services Menu

All rates are per day of usage and include installation unless otherwise noted.

| ITEM / SERVICE  | HOW MANY?   | COST           | SUB-TOTAL  |
|---|---|----------------|--|
| Theater Lights (equipment rental)                                       | <input style="width: 50px; height: 20px;" type="text"/>   | \$50 for 4 hrs | <input style="width: 50px; height: 20px; background-color: #cccccc;" type="text"/> |
| Light Operator  | <input style="width: 50px; height: 20px;" type="text"/> @ | \$20 p/h       | <input style="width: 50px; height: 20px; background-color: #cccccc;" type="text"/> |
